Dr. Caesar DePaço:

In February of 2018, I, Officer Jeffrey Johnson of the Point Pleasant Police Department, received my K-9 partner, Kaya. Kaya is a 15-month-old German shepherd from Hungary. Kaya and I started training on March 12, 2018 for bomb detection. She's always ready to work and is constantly on the move in search for her next task. While in training, Kaya is required to navigate obstacles that could over time influence her joints. I feel better knowing that she has the great benefit of using Droii-Kon.

Kaya is given Droii-Kon twice a day. It's sprinkled over her food and she has no trouble making it disappear. I have no doubt that Droii-Kon will continue to positively influence Kaya's overall health. Kaya's work will be physically demanding and Droii-Kon will make it easier for her to endure, allowing her to keep having fun.

Thank you for allowing Kaya this great opportunity and as a result, allowing her to keep making our community safe.
